September 29, 2022

To Our Valued Customers:

**Price Increase Notice CHEST Products
Effective: January 1st, 2023**

We would like to take this opportunity to thank you for your continued business and support.

Please be informed that CHEST will implement price increases on all of our products. Although we have left our overall pricing unchanged for a long time, we are no longer able to continue absorbing the sharp rises in costs of materials, fuel, shipping, and manufacturing costs.

Thus, the following increases will go into effect for orders sent to us on and after **January 1st, 2023**.

- All CHEST products' price will increase around 10%.
(The prices for all consumable items and most of service parts remain the same.)
Please refer to the new price list for each price change.

All orders placed by December 31, 2022 will be honored at the current pricing regardless of shipping date.

Should you have any questions or require further clarification, please do not hesitate to contact us.

We appreciate your understanding in this issue.

Sincerely,

CHEST M.I., INC.
